

**DEATH HOME
OVERFLOWING**

Thirteen Murderers Are Await-
ing Electrocutation In The
Penitentiary.

FOUR ARE IN SPECIAL CELLS.

Brief Mention Of The Eight Men
Awaiting Sentence At
Eddyville.

In the annex or death house of the
Kentucky branch penitentiary at
Eddyville, Lyon county, Ky., are
confined eight men awaiting the
death penalty in the electric chair,
five of them white and three black,
with five more recently convicted
that will be brought here perhaps
this week.

In Special Cells.

In consequence of the crowded
condition of the annex, four of the
condemned men are confined in
special cells in the main building,
where also the five on the way will
be placed until those in the death
house have paid the penalty for
their crime.

Following is a brief mention of the
eight men awaiting sentence:

The first cell approached in the
main building holds Ewen Bowling,
of Breathitt county, for the murder
of Sam Crawford. Bowling is
twenty-eight years old and married,
but separated from his wife. He is,
as his county indicates, from the
feudal district, and is standing his
confinement in a way that nothing
but the warning over his cell door
would lead the visitors to believe
him other than a short-term man,
and yet in the solitude of his cell, it
is said, he often weeps like his heart
would break. His victim was a ne-
gro. Repeated efforts have been
made to have his sentence commuted
to life imprisonment, all of which
has so far failed.

The next in line of four is James
Ellis, of Pulaski county, for the
murder of A. J. Beatty on July 14,
1911. Ellis is a white man and at
the time of the murder was deputy
sheriff of his county. His accom-
plice, Hart Helton, was given a life
sentence.

Ellis is a comparatively young man
with a wife and two bright children,
of which he talks in the tenderest
terms. Efforts in his behalf have
been made with a very unfavorable
result. The date of his execution
has not been set, but is looked for
hourly now, since all efforts for
clemency have been refused.

Marion County Map.

John Browman, Lebanon, Marion
county, comes next in the death row,
doomed to pass through the electric
chair for criminal assault on the per-
son of Miss Minnie Lamb, a young
lady of less than eighteen years. He
is married, but separated from his
wife. For this man, for the heinous-
ness of his crime, all hope seems to
have been shut out, and it is the
merest chance that he was given a
trial by a jury. When asked by the
reporter what he was condemned to
die for, he pressed his face close to
the bars as if wishing to whisper his
answer, when Capt. Jim Black,
"Uncle Jim," as the dear, gallant
old man is best known, answered the
question for him, for which he seemed
thankful and very much relieved.

Tom Slaughter, a negro, the last
of the quartet in the main peniten-
tiary, from Christian county, for the
wanton murder of Lee Jenkins, a
white merchant, seemed to care
little for an interview. He was cap-
tured after the murder after a hard
chase, and before surrendering to
the officers attempted suicide, and
came near accomplishing his purpose,
his wound through the neck bears
witness. He is very hoarse, seem-
ingly, and when questioned about it

**JUNE CIRCUIT
COURT OPENS**

Unable To Make Up The Grand
Jury From Names
Drawn.

WILL TRY AGAIN TO-DAY.

Mrs. J. M. Moore Granted
License To Practice
Law.

Circuit court convened yesterday
morning with Judge J. T. Hanbery
on the bench. An attempt was
made to empanel the grand jury but
so many begged off and so many
were absent on account of the busy
season, that only six jurors were
secured, therefore another list was
drawn from the wheel to report this
morning, when the jury will be com-
pleted. There was not much better
success in making up the petit jury,
only 14 of the 24 being secured.

ARE some of your friends and rel-
atives from surrounding towns,
or even from a distance, coming to
visit you this summer? If so, why not
urge them to come Chautauqua week?
Your thoughtfulness in this matter will
be long remembered by them. It will
be a real treat to be here Chautauqua
week.

the complete program for the mid-

Kentucky has a daily newspaper edited by women only for the first time. The paper, called "The Federation Daily," is being published at Mammoth Cave in connection with the State meeting of the Federation of Women's Clubs. Mrs. J. H. Dickey, of the press department, is editor-in-chief, and the new publication has made a big hit with the delegates.

A change in the party laws was made by the Democratic convention in Louisville that will permit several members of State and county committees to hold their places. The rule adopted four years ago, making an office holder ineligible for membership on any party committee, was amended so as to permit those holding appointive offices to be members of committees. Under this ruling any city officer of Hopkinsville, except councilmen, may be members of committees.

Urey Woodson, defeated Wednesday for National committeeman from Kentucky, is said to be almost certain to be continued as secretary of the national governing body of the Democrats. The party law permits a man who is not a member of the committee to be either secretary or chairman and it is said that Mr. Woodson will be retained in his present position with the committee on account of his experience in the work. Mr. Woodson is now secretary of the committee and will continue in this position at least until after the Democratic National convention, his successor as committeeman from this State not assuming office until after the Baltimore gathering.

Drives off a Terror.

The chief executioner of death in the winter and spring months is pneumonia. Its advance agents are colds and grip. In any attack by one of these maladies no time should be lost in taking the best medicine obtainable to drive it off. Countless thousands have found this to be Dr. King's New Discovery. "My husband believes it has kept him from having pneumonia three or four times," writes Mrs. George W. Place, Rawsonville, Vt., "and for coughs, colds and croup we have never found its equal." Terrible Picture of Suffering.

Clinton, Ky.—Mrs M. C. McElroy, in a letter from Clinton, writes: "For six years, I was a sufferer from female troubles. I could not eat, and could not stand on my feet, without suffering great pain. Three of the best doctors in the state said I was in a critical condition, and going down hill. I lost hope. After using Cardui a week, I began to improve. Now I feel better than in six years." Fifty years of success, in actual practice, is positive proof that Cardui can always be relied on, for relieving female weakness and disease. Why not test it for yourself? Sold by all druggists.

COAL MINER KILLS HIS SISTER-IN-LAW

DUQUOIN, ILL., MAN FINDS WOMAN AT HIS FATHER-IN-LAW'S HOME AND WIELDS KNIFE.

TRIES TO CUT HIS THROAT

Wife Had Sworn Out Warrant Charging Him With Beating Her—Crowds Gather and Make Threats.

Duquoin, Ill., May 30.—George Enger, a coal miner, stabbed and killed his sister-in-law, Anna Yost, and seriously wounded his wife with a butcher knife at the home of his father-in-law, Philip Yost.

Sentiment against him was so high that he was spirited out of town and taken to the Pinckneyville jail.

Enger went home and found that his wife had taken their three children and gone to her father's home. Earlier in the day she had sworn out a warrant charging her husband with beating her.

Enger went to the Yost home and demanded that his wife return to him. She refused. Enger threatened to strike his wife and Mrs. Enger's sister, Anna Yost, tried to pacify him.

Enger picked a butcher knife from the table and thrust it into Miss Yost's side, killing her. He then turned on his wife.

As Mrs. Enger tried to escape he repeatedly stabbed her in the back. Physicians say she will die.

Enger fled from the house. When he was surrounded he pulled a razor from his pocket and tried to cut his throat. He inflicted only a slight wound before being overpowered and placed in jail.

Crowds gathered and threats were made.

FITZGERALD RAPS ROOSEVELT

New York Congressman Denounced Colonel, Quoting Lincoln's Speech, on Floor of the House.

Washington, May 30.—Col. Roosevelt was denounced bitterly on the floor of the house by Congressman Fitzgerald, of Brooklyn. Fitzgerald also displayed a letter signed by Col. Roosevelt in June, 1902, describing qualifications for temporary quarters for the executive offices. On the margin was written with a pencil "to be permanent during my life time.—T. R." This, Fitzgerald alleged he believed was in the Roosevelt handwriting.

Fitzgerald in assailing Roosevelt, quoted from one of Lincoln's speeches, in which he said: "Something of ill omen is now among us, the increasing disregard for law which pervades the country."

LOOKED LIKE SILVER COINS

Indianapolis Postal Service Has Trouble With Gold Pieces "Plated" With Metal Polish.

In the days when counterfeiters used to gild 25-cent pieces and nickels and pass them off as gold coins, there was frequently considerable trouble over a genuine coin that "was not what it seemed." In the Indianapolis postal service recently there was a little extra work on account of two gold pieces, which turned up with the appearance of silver coins. These had been taken in at the postoffice from a resident of the city, who explained that his wife had been carrying the coins—a five and a ten dollar piece—in her purse together with a small bottle of metal polish, which was principally mercury. The bottle had become broken in the purse, he explained, and the gold coin was thus "plated." The money was accepted, but was turned back on the postoffice by a bank, which refused to credit the postoffice with the money. The services of Capt. Tom Halls of the United States secret service then became necessary. The secret service man, after a visit to a drug store, brought back the coins, and Assistant Postmaster Rathbone, taking the money again, exclaimed: "Well, she looks like real government money again all right."

TAKE IT IN TIME

Just as Scores of Hopkinsville People Have.

Waiting doesn't pay. If you neglect kidney backache, urinary troubles often follow. Act in time by curing the kidneys. Doan's Kidney Pills are especially for weakened kidneys.

Many people in this locality recommend them.

Here's one case:

G. H. Carr, farmer, Cadiz, Ky., says: "I have used several boxes of Doan's Kidney Pills and found them very beneficial. I had attacks of kidney trouble before I took Doan's Kidney Pills, but this remedy quickly cured me and I now have no further trouble. I can highly praise Doan's Kidney Pills."

The above is not an isolated case. Mr. Carr is only one of many in this vicinity who have gratefully endorsed Doan's. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Carr had. 50c all stores. Too Busy to Run.
Anne was not very well, and found walking with her vigorous mother hard work. Mamma, however, was pressed for time, and presently hurrying ahead, called to the struggling, panting little girl to run. From a little distance behind her came the breathless protest: "I can't run, mother. You'll just have to wait for me. I'm so busy walking that I can't run."

"Had dyspepsia or indigestion for years. No appetite, and what I did eat distressed me terribly. Burdock Blood Bitters reached the cause."—J. H. Walker, Sunbury, Ohio.

JAMES A. ROSE OF ILLINOIS DEAD

Secretary of State Succumbs After One-Day Illness—Burial Friday.

Springfield, Ill., May 30.—The burial of James A. Rose, secretary of state, who died Wednesday after an illness of but one day, will be Friday afternoon at Golconda. Interment will be made in the family lot.

Secretary Rose was stricken Tuesday and suffered two internal hemorrhages. Wednesday morning he complained of a suffocating sensation, but his physician did not realize his death was so near. Rose told his wife that unless he gained relief he could not live.

He suffered little until about an hour before his death, when he was seized with choking sensations which continued until the end. He was conscious almost to the last.

Secretary Rose was born Oct. 13, 1850, and is survived by his widow, one daughter, Mrs. James P. Smith of Paducah, Ky., one son, Charles R. Rose of this city, one brother, John B. Rose of Oklahoma City, Okla., one sister, Mrs. Mell Smith of Metropolis, Ill., a half-brother, William D. Rose of this city, and two grandchildren, Elizabeth and Josephine McCoy.

Rose had just finished a successful campaign for renomination as the Republican candidate, and the hard work incident to the campaign probably is partly responsible for his death.

He was elected secretary of state in 1896 and was re-elected in 1900, 1904 and 1908. He was one of the best-known men in public life in Illinois, and his popularity is best shown by the large majorities by which he was elected secretary time after time, holding the office longer than any man before him.

The death of Rose will work a big change in the political situation in the state. It will be necessary for Gov. Deneen to name a successor to fill out the unexpired term, and for the Republican state committee to fill the vacancy on the state ticket.

It is regarded as probable that Chief Clerk Harrington Clanshan will be named to serve the balance of Secretary Rose's term.

800 WAITERS QUIT 4 HOTELS

Strikers Leave Waldorf Astoria, the Gotham, Breslin and Rector's in Busy Dinner Hour.

New York, May 30.—The first serious strike New York hotels have experienced occurred when the waiters walked out of the Waldorf Astoria, the Gotham, the Breslin and Rector's in the midst of the evening dinner hours, leaving hundreds of hungry patrons in the lurch.

Approximately 800 waiters and cooks from these four big hotels simultaneously went on strike, and with those who had joined previous strikes at the Belmont, the Knickerbocker and Churchill's make a total of more than 1,200 who have actively participated in the fight for higher wages and better working conditions.

The Great Chautauqua Movement.

A CHAUTAUQUA AUDIENCE

EXTERIOR VIEW OF A CHAUTAUQUA

It Has Become One of America's Leading Institutions.

FOUNDED IN 1873.

INCIDENTAL to the coming of our forthcoming Chautauqua in this city, it will be of interest to all local residents to know that there are today nearly 600 Chautauquas in the United States and Canada. In fact, the Chautauqua has become one of America's great institutions, and the idea has already spread to England and Japan. In 1872 there was not a Chautauqua in the world. In 1873 Bishop John H. Vincent and Lewis Miller inaugurated at the spot now called Chautauqua, New York, the original institution. The original gathering was solely a religious one. The meetings were undenominational. From this small beginning feature after feature was added until today Chautauqua, N. Y., is the summer center for 10,000 people, and its land, buildings and equipment represent a cost of millions.

But although thousands of people go annually to Chautauqua, N. Y., from all parts of the United States, the great mass of American people would never get to a Chautauqua if they had to travel far from home. The recognition of this fact brought about the decision to take Chautauquas to the people everywhere. The movement a few years ago began to spread rapidly. Today there are operated from the Redpath-Vawter headquarters in Iowa, seventy-five Chautauquas, while 135 more are managed from Redpath headquarters in Kansas City, and many others from Chicago. Only the best talent is engaged, as high as \$15,000 having been paid by the Redpath for a single attraction for the Chautauqua season. Every year the number of Chautauquas grows, and there are more requests annually from towns wishing to be Chautauqua centers than can possibly be granted.

The cause of the killing, it is alleged, was the relations existing between Mrs. Judd and the husband of Mrs. Barnes.

Deafness Cannot Be Cured

Local applications, as they cannot reach the diseased portion of the ear, there is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Mail to Dr. J. C. HENNEY, 100, Toledo, Ohio.

TO HONOR JOHN PAUL JONES

Magnificent Memorial to Revolutionary Hero Will Be Erected in Washington, D. C.

Memory of John Paul Jones, naval hero of the revolutionary war, is to be honored by the erection of a statue at the north entrance to Potomac park in Washington. The monument, for which congress has appropriated \$50,000, is a fitting

STATUE OF JOHN PAUL JONES.

Photo by Clinebinst, Washington, D. C. memorial to the man who was most feared at sea by the British during the colonies' struggle for freedom. In the design of the statue is depicted Jones' resolute character by the firmness of the mouth, the clutching of his sword and the clinching of his right hand by his side, the ensemble being intended to represent his attitude on the evening of September 23, 1779, when the battle between the Bon Homme Richard, Jones' flagship, and the Serapis, a powerful British warship, was impending off the coast of Flamborough.

MOTOR BUSES COLLECT MAIL

Three Large Machines Are Being Used in Washington by the Postoffice Department.

In Washington a new departure in collecting and distributing mail was inaugurated recently when the post-office department put in service three large motor buses, each one capable of carrying ten letter-carriers with perfect ease and comfort.

Postmaster General Hitchcock, who is determined that Washington shall have every facility for the most up-to-date mail service, originated the idea of the use of the motor buses.

They will be operated 16 hours a day and have already not only demonstrated that they will land the carriers on their routes about fifteen minutes earlier than heretofore, but they are ably taking care of collections and delivery in sections of the city where the carriers were handicapped before.

The postmaster general is very well satisfied with the work being done, and it is not unlikely that all the postal delivery districts of Washington will eventually be furnished with motor vehicles.

Motor bus service as an aid in cutting down the time necessary for carriers and collectors to reach their routes is being seriously considered by a number of postmasters in the larger cities. The new service inaugurated in Washington is being watched with interest by postoffice authorities and its continued success may mean a reversal of present delivery conditions.

Most Beautiful Temple.

Washington, D. C., is to have the most beautiful Masonic temple in the world. The laying of the cornerstone of the \$2,000,000 Scottish Rite temple with solemn Masonic ceremonies, occurred recently. The occasion was made notable by the presence of the entire supreme council of Scottish Rite Masons of the southern jurisdiction, together with large delegations from Virginia, Maryland, Pennsylvania, Delaware, New Jersey and the District of Columbia.

Five thousand participated in the big parade through the city of Sixteenth and S streets northwest, where the new temple is to be erected and where the ceremonies of the day were held.

The Masonic rite of laying the cornerstone was performed according to ancient usage by Grand Master J. Claude Kelper of the District of Columbia. Rev. Richard Pardee Williams, canon of the Episcopal cathedral of St. Peter and Paul, pronounced the benediction. The musical features of the program were furnished by the Scottish Rite choir of St. Louis.

FAIR AND WARM

Is Promise for This Section the Present Week.

This week will be one of generally fair weather, except for local scattered thunder showers with temperatures near or above the seasonal average throughout the eastern and southern states and generally over the middle west.

This forecast is contained in the bulletin issued by the weather bureau at Washington. The bulletin continues:

"No widespread disturbance is charted to cross the country during the week, although a barometric depression now over the far northwest will move eastward along the northern border to the St. Lawrence valley by Tuesday night or Wednesday; it will be attended by showers and followed by cooler weather in the northern states east of the Rocky mountains."

TAKING IT TO THE PEOPLE

A GREAT deal is being said nowadays thruout this country about taking public problems direct to the people. This is what President Taft and Col. Roosevelt have been doing lately, and what all those interested in great public questions must do more and more as the years go by.

In the forthcoming Chautauqua here many important problems will be discussed. It is impossible for all the people in the United States to attend any one Chautauqua. The Chautauqua must be taken to the people eventually in nearly every county of the land where the population warrants it. The Redpath Bureau under whose direction the Chautauqua in this county is being given this year, is the greatest factor in the world today in this work of carrying a Chautauqua Program to the people. More than 250 Chautauquas are operated under Redpath management and the number is rapidly increasing.

Send word to all your friends to come to our forthcoming Chautauqua. Especially if they have never before attended a Chautauqua program, it will be a revelation to them.

DEATH HOME OVERFLOWING.

[CONTINUED FROM FIRST PAGE.]

said it was from the wound, and that it never got any better. He seemed to have abandoned all hope and is quietly awaiting the Governor's ultimatum.

Carl Miracle.

Carl Miracle, of Pineville, Bell county, the first of the death house row, is a white man of reasonably good appearance, for a double murderer, killing Mrs. Dulan Partin and Mathew Jones and the serious wounding of another in August, 1911. In his case he showed a number of scars on his head as evidence of a hard-fought battle, the back of his skull having been crushed in and other marks of a serious and deadly encounter. Miracle is a married man, having a wife and three children.

General Mays, of Otter Creek, Clay county, is comparatively a young man and sentenced, first for life for the murder of Sherman Merida, which term he was serving when tried for the murder of Mrs. Merida, too, as he thought he annihilated all evidence against him, for which witnesses rose up that gave evidence so convincing that a jury of his county decided his life should pay the penalty. His case was tried before the Court of Appeals and affirmed, and now the Governor has had him transferred from the Frankfort penitentiary to the death house at Eddyville, where he will be pardoned for killing the man, that he may be electrocuted for the murder of the woman. This fearful crime was committed in June, 1911, the supposition is on about the same date he will take his seat in the electric chair. His case was so well known that a change of venue was granted to Laurel county in both cases. He confessed to the murder of Merida, but denies killing his wife. He also killed, or charged with killing, Farmer Freeman at the same time. Mays has a wife and one child. He talks freely and easily about the murder, and seems to have abandoned all hope of intervention from the Governor.

Brothers to Die.

The next two, and last of the eight, are Charles and James Smith, negroes, brothers, who were to have both died on December 23 last for the murder of an old negro in Mayaville, known only as "Ed," supposedly for his money. A respite was granted. Their case has awaited the action of the Court of Appeals until last month, when it affirmed the action of the lower court, and now they, too, have become resigned to their fate. They have been making model prisoners, giving Cap. Black less trouble than any of the eight here now. Their cells are marvels of beauty, the walls of which have been decorated by them with pictures from magazines given them by visitors, and the center table and couch of each resembles a beautiful fairy's nest; cords of decoration and bunting are stretched in all directions, hanging from which are strings of pictures of beautiful women and children, all of which shows

CLAUDE ALLEN

ALSO CONVICTED.

Given 15 Years on One Case and to Be Tried on Others.

Wytheville, Va., June 3.—The jury in the case of Claude Swanson Allen, Saturday found the young man guilty of murder in the second degree for the killing of Judge Thornton L. Massie and recommended that his punishment be fixed at fifteen years in the State penitentiary at Richmond. Sentence was suspended in order that the prisoner may testify in the other cases growing out of the shooting up of the Carroll Court on March 14 last when five persons met their deaths at the hands of the Allen clan.

The verdict rendered to-day does not mean that Claude Allen has escaped the electric chair. Four other indictments against him are pending, on any one of which it is possible that he may be found guilty of first degree murder, and the prosecution, taking advantage of this fact, sprung a surprise on the defense when it announced that it would next go into the trial of Claude Allen for the murder of Sheriff Lewis Webb. The defense raised objection to this and the objection will be argued and passed upon when court reconvenes July 1.

MR. DADE'S FUNERAL.

Interment Yesterday At The Family Burying Ground.

The funeral services of the late Randolph Dade were held yesterday morning, having been postponed to await the arrival of his son, Major Alex G. Dade, of the U. S. Army, stationed in the West. Rev. C. H. H. Branch of the Westminster Presbyterian Church, conducted the services and the interment took place in the family ground at the home of his brother, Mr. C. L. Dade.

Mr. Dade died suddenly Friday afternoon. He was near the house where two colored men were hanging a gate. He sat down on the ground and leaned against a tree and a little later the men heard him exclaim "Oh! Lord have mercy!"

The colored men turned on hearing his exclamation and saw him fall. They ran to him and found him dead. Mr. Dade was one of the county's best citizens and a prosperous farmer. He leaves a comfortable estate to his wife, son and daughter.

SCRAPS OF HUMOR

Natural Curiosity.

He had been calling on her twice a week for six months, but had not proposed.

"Amy," he said, as they were taking a moonlight stroll one evening. "I—er—am going to ask you an important question."

"Oh, George," she exclaimed. "This is so sudden. Why, I—"

"What I want to ask is this," he interrupted. "What date have you and your mother decided upon for our wedding?"—Answers.

His Concern.

"I was awfully sorry, old chap," said Dubleigh to Wilkerson, "when I heard that your chauffeur had taken your car and run off with your daughter."

"Thanks, old man," said Wilkerson, returning the other's sympathetic pressure of the hand. "It was a brand-new car, too," he added, his voice trembling with emotion.—Harper's Weekly.

Auto Suggestion.

"To show how unconsciously a man's business may be in his mind at all times, I took a financial operator to a fancier's to select a dog, and what kind of a dog do you think he asked for at once?"

"What kind?"

"A water dog. Said he had heard it was a good stock proposition."

Logic of the Situation.

"Don't you actors get disgusted with so many matinee girls at your performances?"

"Not a bit. It gives us professional encouragement. You see, when we hit a miss, we are sure we'll never miss a hit."

AND SHE GRABBED HIM.

"I'm surprised to hear of Gruet's engagement. I didn't think he was a marrying man."

"He wasn't until he met a marrying woman."

We Wonder.

We wonder, on that other shore, if people still ask, "What's the score?"

Her Limit.

"I went out to speak to your cook while she was making up her bread, and she was so gloom and silent that I felt compelled to leave. I thought she was so sociable."

"So she is, as a rule, but unlike the majority, she does not care to have anyone around in her hour of knead."

Married Life Like an Opera. Oldtimer—Is your married life one grand, sweet song?

Newlywed—Well, since our baby's been born it's been like an opera, full of grand marches, with loud calls for the author every night.—Tit-Bits.

Quicker the Sooner.

Chauffeur—Is there an ordinance limiting the speed of autos in this town?

Native—Gawsh, no! You fellers can't git through Squashville any too quick for us."

Deeply in Love.

"She's dreadfully in love with him."

"That so?"

"Yes. He's spoken sharply to her four or five times now, and she hasn't threatened to sue for a divorce."

Some Time.

"How long have you been out of work?"

"Ever since I lost my poor mother."

"Is that long ago?"

ONE OF THE SIX HUNDRED.

Our community is fortunate this season in being one of 600 Chautauqua centers on the American Continent. Hundreds of places have long wanted Chautauquas, but can not get them. It costs lots of money to bring tents, platforms, seats, speakers of National reputation, and an army of magicians, musicians and other entertainers to participate in a great seven-day continuous program.

Local Enterprise supplemented by the capital and other resources of the Redpath Bureau—the oldest Bureau in the world, also the fact that this place is within easy one-day railroad connection with other notable Chautauquas, has made it possible for us to boast of being one of America's 600 Chautauqua centers.

Best of all, this year's success means permanency, and that this place will be the mecca for thousands during Chautauqua week every year.

LET'S ALL HELP MAKE THIS YEAR A SUCCESS.

COMPLETES CENTURY IN 500 MILE RACE IN 1:13, EXCEEDING 80 MILES AN HOUR.

OVER 75,000 SPECTATORS

Bruce-Brown, After Getting to Second Place at Indianapolis, Is Forced to Draw Out of the Contest.

Speedway, Indianapolis, May 30.—Running the first 100 miles of the 500-mile American sweepstakes in 1 hour, 23 minutes and 1 second, Ralph de Palma, in his Mercedes, set a new world's record.

He was cheered by 75,000 persons as he swung into the lead at an 80-mile clip, after the first lap.

The terrific pace sent some of the drivers to their headquarters, but there were no accidents in the early racing.

The course, washed clean of its black and dangerous coat of grease, accumulated during weeks of practice grind, glistened in the sunlight when the big motors pulled out along the repair pits, swarming with mechanics.

Harroun and his Marmon last year did the distance in 6:42.08.

With an explosive roar of the enormous engines, especially built for this ultimate test of speed and endurance, the cars came together at the electric timing wire at 9:50. In a tumult of cheering, Starter Wagner let the cars go at 10 o'clock. They made one slow parade lap, and, coming again to the wire, leaped into the race, pressing together in a blinding cloud of burned gas.

Records Broken at Start.

Teddy Tetzlaff and his Fiat made the first round of two and one-half miles in 1:43:49, then he lost the lead to Ralph de Palma.

De Palma held his lead at the 20 miles, which he covered in 14:28, bettering the old record at 15:29, set by Marquis in an Isotta at Los Angeles. Spencer Wishart, in a second Mercedes, kept at De Palma's rear wheels with Bruce-Brown, National, third. Grimsby's Opel broke its gallop line and he drew out.

At 50 miles De Palma still led and was ahead of the record. Bruce-Brown came into second and Mulford (Knox) crept into third.

The terrible pace began to tell on tires. Johnny Jenkins came into the stretch with one tire of his White whipping the track like a flail. The car swung perilously, but Jenkins held it true. Zengel's Stutz cast a tire high in the air, but he, too, came safely to his pit.

At daylight began the exodus from the city to the Speedway park, by train, trolley and touring cars, and the sun found the grandstands on the outer edge and the parking spaces on the inner circuit of the brick oval beginning to fill with the enormous crowd that was to see 24 of the most famous drivers and cars battle for the honor and fortune of enjoying with Ray Harroun and the Marmon "Wasp" the classic title of winners of the greatest race.

Mexico City, Mex., May 30.—The Mexican department of finance has placed the \$10,000,000 gold loan recently authorized by congress for the building up of the army with Speyer & Co., of New York and Speyer Bros. of London.

The bonds mature one year from date. They draw 4½ per cent interest and were taken at 99. In a statement Minister of Finance Ernesto Madero said he had received various offers from foreign bankers and thus had been able to choose most advantageously for Mexico.

Operators in Southwestern District Grant Slight Wage Increase for Two Years.

Kansas City, Mo., May 30.—The coal operators and miners of the Southwestern district, who have been holding conferences in Kansas City for the last sixty days, have come to an agreement. A contract was signed, which covers a period of two years. The former contract by which the miners and operators were bound expired May 1. The new contract carries a slight increase in wages with it.

The Kansas City agreement affects miners and operators throughout Missouri, Kansas, Oklahoma and Texas. There was considerable rejoicing in the district this afternoon, according to messages received here.

MAN, WIFE, GIRL AND A YOUTH DROWNED

Skiff Capsizes After Party Starts For Holiday Across the Mississippi.

Hannibal, Mo., May 30.—Four persons were drowned here when a skiff in which they were attempting to cross the Mississippi river capsized.

The dead are: O. T. Kirtley, owner of a printing establishment; his wife, their daughter, 4 years old, and Crandall King, a member of the senior class of the Hannibal high school.

King lived with the Kirtley family and worked in the printing office outside school hours. The party had decided to spend the day across the river, fishing and picnicking.

Apparently, their boat tipped, took in water and turned over alongside the Atlas Portland Cement company's barge. The strong current carried the bodies under the barge.

SETS TRAP FOR GEN. HUERTA

Orozco Mobilizes His Army in Mountain Pass to Check Advance of Pursuing Federals.

El Paso, Tex., May 30.—Gen. Orozco has mobilized his army at Bachimba, a town in a mountain pass leading to Chihuahua. The place has been fortified and the rebel general expects to stop the advance of Gen. Huerta's fed-erals there.

The federal army is making slow progress to the north on account of the burned bridges, and virtually is cut off from the south.

Fighting continues in the vicinity of Torreon between rebels under Campa and Argumeda and federals under Blanquet, but the federals still hold the city.

N. Y. WON'T GO TO ROOSEVELT

Chairman Barnes Declares Delegates From His State Will Not Climb Into Colonel's Bandwagon.

New York, May 30.—That the delegates from New York state to the Chicago convention will not climb on the Roosevelt band wagon, despite the success of Roosevelt in New Jersey, was the emphatic declaration of William Barnes, Jr., chairman of the Republican state committee. Barnes gave out a formal statement in which he said it was not surprising that in some states the personality of Col. Roosevelt had impressed the voters, but he added that this was because the voters had failed to realize the significance of the Roosevelt candidacy.

TO PROBE JAP. CONCESSION

Senate Subcommittee to Be Appointed to Delve into Magdalena Bay Problem.

Washington, May 30.—Magdalena bay again was the subject of a long discussion at the session of the senate foreign relations committee. The greater part of the time was devoted to the Rayner resolution, calling upon the committee to learn what power is conferred by law upon the Mexican government to grant exclusive fishing concessions, and whether such concessions, if allowed, would encroach upon the Monroe doctrine, and what position the United States should assume in reference thereto. It was decided to refer the problem to a subcommittee, to be appointed by Chairman Cullom.

WILBUR WRIGHT.

WILBUR WRIGHT,
AVIATOR, IS DEAD

TYPHOID ATTACK FATAL AFTER HOPES WERE AROUSED.

Pioneer Flyer Made Triumphant Tour of Europe and Returned to Be Feted at Home in Dayton, O.

Dayton, O., May 30.—Wilbur Wright, noted aviator and inventor, died at 3:15 Thursday morning of typhoid fever, following a sinking spell which began at midnight. He had been ill for several weeks and a number of times had been reported at the point of death, but each previous time rallied.

Although his condition from time to time gave some hope to members of his family, the attending physicians, Drs. D. B. Conklin and Levi Spitzer, maintained throughout part of his sickness that he could not recover.

When the patient succumbed he was surrounded by the members of his family, which includes his aged father, Bishop Milton Wright; Miss Catherine Wright, Orville Wright, the inventor of the aeroplane; Reuchlin Wright and Lorin Wright. All of the family reside in this city except Reuchlin, who lives in Kansas.

Stricken on Trip to East.

Wright was stricken with typhoid May 4, when on a business trip in the east. On that day he returned to Dayton from Boston and consulted with Dr. Conklin. He went to bed almost immediately, and it was several days before his case was definitely diagnosed as typhoid.

Wright, the son of Bishop Milton Wright of the United Brethren church, was born in Millville, Ind., April 16, 1867, and attended high school in Richmond, Ind., and Dayton, O. He was graduated from Earlham College, Ind., and from Oberlin College, O.

When bicycles were popular he and his brother Orville, who is four years younger, opened a repair shop in Dayton, O., and later became interested in flying machine experiments. In 1903 he and his brother turned their attention to making a heavier-than-air machine, to be propelled by an engine. The first successful flight was made Dec. 17, 1903, by Wilbur Wright, at Kitty Hawk, N. C.

The French government sent a commission over to investigate the Wright invention. This commission gave \$25,000 for an option on the patents for use in France and allowed the option to lapse. The \$25,000 looked like a bonanza to Wilbur Wright and gave him confidence to go ahead, also the needed funds for the new models. He later sold the French rights to his patents for \$100,000 and is said to have cleared \$500,000 on making, selling and exhibiting air craft.

Triumphant Trip in Europe.

Wilbur Wright's year of triumph was 1908, when he visited Europe, broke world's records weekly in France, took the crown prince for a ride in Germany and came home to find a big two-day celebration planned for him at Dayton, O. In this his brother Orville was included, and the sister who gave her savings to finance the first flyer was not forgotten. Military parades, medals were presented by the state and United States and for two days Dayton held a fete in honor of her most famous residents.

Wilbur Wright never married, and had but few confidants.

FREE OF POISONING CHARGE

Jury Decides Winifred Ankers Did Not Murder Nine Babies in New York Asylum.

New York, May 30.—A jury acquitted Miss Winifred Ankers, a young mother, who was accused of poisoning nine babies. She was set free immediately. After the arrest the police secured a confession from the woman, in which they alleged she admitted she killed the babies. She later charged that the confession was forced from her by the "third degree." She has a small baby which she took with her to the court room.

James Beaten in Kentucky.
Louisville, Ky., May 30.—Gov. J. D. McCreary defeated United States Senator-elect Ollie M. James for temporary chairman of the Democratic state convention, thereby swinging control of the reorganized state committee into the hands of the administration forces and making certain the election of Rufus H. Vanzant, candidate for state chairman.

LORIMER SEEKS DELAY

ASKS FOR DEFERRED ACTION UNTIL HE IS SUFFICIENTLY STRONG FOR TRIP.

SENATE PUTS DUTY ON PAPER

Amendment to Metal Tariff Revision Act So as to Repeal Canadian Reciprocity Law and Fix Duty at \$2 per Ton.

Washington, May 30.—That Senator Lorimer will appear on the floor of the senate and again speak in his own defense as he did a year ago was settled conclusively in the minds of his fellow senators by a telegram received by Senator Luke Lea.

Ever since the report was presented, followed by the minority views and a resolution declaring vacant the seat of the junior senator from Illinois, Senators Lea and Kern have been awaiting an opportune time to fix a date for a vote on the resolution.

Senator Lorimer says he has kept in touch with their efforts through the newspapers, but the two senators declare they also have telegraphed him and consider the message received late yesterday a response to their communication. It reads:

Lorimer's Letter.

"Hon. Luke Lea, United States Senate, Washington, D. C.: I notice through the press you are urging the senate to fix a date to vote on my case. I hope you will defer action until I am strong enough to make the trip to Washington, which, I think, will be in a short time. I think I should have the opportunity to be on hand and speak, but can not do it at this time.

(Signed) "WILLIAM LORIMER." The telegram is the only authoritative statement indicating the possibility of Senator Lorimer's return which has been given out since the flying trip of Vice-President Sherman to Chicago last Saturday.

The senate by 37 to 27 agreed to an amendment to the metal tariff revision bill so as to repeal the Canadian reciprocity law and to provide a duty of \$2 per ton on print paper.

By a vote of 35 to 34 the senate voted down an amendment placing a large number of farming implements on the free list.

MEAT PRICES RAISED AGAIN

Chicago Retailers' Prices Are Highest Since the Civil War—Porterhouse 32 Cents.

Chicago, May 30.—Meat advanced to the highest prices known since the civil war. Retail butchers began charging from 4 to 6 cents a pound more for prime cuts of beef, veal and mutton than a week ago.

The packers blame the almost prohibitive cost of meat to the shortage of cattle, due to a scarcity of corn.

The following comparative table shows the difference in retail prices per pound last year and this:

	1912.	1910.
Porterhouse steak	32c	28c
Sirloin	25c	20c
Prime rib roast	24c	20c
Lamb chops	34c	29c
Veal chops	22c	19c
Veal cutlets	25c-28c	22c

CHARGES BY GIRLS PROVEN

Former Orphanage Inmates Tell Story Which Sends Former Superintendent to Prison.

Chicago, May 30.—"Rev." J. H. Hudson, a negro, superintendent of the Hudson orphan asylum, an institution for negro children, was found guilty on a charge made against him by two girls, former inmates of the asylum.

The jury fixed Hudson's punishment at 25 years in the penitentiary. In their version of the alleged attacks, the complaining witnesses, Janie Kearney, 16 years old, and Lizzie Kelly, 14 years old, described tortures they said were inflicted on them and other inmates by Hudson.

New York, May 30.—The Hamburg-American liner Moltke, outward bound with 300 saloon passengers and a full complement of steerage passengers, went aground in the Ambrose channel. Tugs were sent to her assistance and an effort will be made to float her at high tide. The steamer is in no danger.

FALLS 14 STORIES TO HIS DEATH IN STREET.

Chicago, May 30.—Barely missing two pedestrians as he struck the pavement, Peter Kratz, a window washer, plunged to his death from the fourteenth story of the Heisen building, at Harrison and Dearborn streets. Scores of people saw the man fall.

DUNKARDS IN FAVOR OF LONG WHISKERS WIN OUT.

Dayton, O., May 30.—Friends of long whiskers in the Dunkard church, won a temporary victory before the close of their national convention. The stand-patters of the whisker element mustered enough strength to preserve for another year a favorite tradition of the church, the long and flowing whiskers.

UNITED PARTY TO FACE FOE

Democrats in Agreement on All the Main Issues That Will Come Before the Country.

Governor Harmon of Ohio stated no more or less than the truth when he said at Omaha:

"There is no sound reason for serious disagreement among Democrats. The wishes and ambitions of individuals have not a feather's weight compared with the interests of the party and its bright prospects. There are no present vital national questions on which all Democrats do not substantially agree, and we shall not attract the confidence of the country by letting such differences as there may be about other matters mar the party harmony."

The Democrats of the country are united on the general issue of tariff reduction. They are united, with rare exceptions, on specific measures of tariff reduction as passed by the Democratic house.

They are united against trust monopoly and for trade regulation by competition.

They are united in favor of an income tax and placing a part of the federal expense burden on wealth.

They are united for the popular election of United States senators, for publicity in campaign expenditures before elections, for less extravagance in government, for relief of the people from the growing costs of public administration.

Democrats like Governor Harmon and Mr. Bryan disagree about such innovations as the initiative, referendum and recall, but they are agreed that these have no part in a national platform.

Not before in twenty years, not before since Cleveland's last election to the presidency, has the party been in such accord on the great public issues of the day.—New York World.

ANYTHING TO CATCH VOTES

Roosevelt's Present Attitude in Marked Contrast to Expressed Sentiment Last Summer.

Explanation of Mr. Roosevelt's seeming strength in northern New England is found in his present attitude of opposition to Canadian reciprocity—the farmers in that section having become scared by fear of competition of their dominion neighbors.

It is interesting, in this connection, to note that no longer ago than last summer Mr. Roosevelt heartily endorsed the reciprocity plans. Now, however, he appeals for support of the border farmers on the ground that "their interests should not be sacrificed" by legislation.

Lowell once remarked that some men can "blow long sentiments extemporize." Hope for a third term is a powerful incentive toward such extemporizing.

Not Likely to Be Caught Napping

The Steel trust wishes everybody to understand that on no account will it destroy its records and that the insinuation of the government to the effect that it might do so is unworthy of one great power in its dealings with another. Nevertheless publicity has never been a fad of the trusts. Possibly it had the foresight not to have any records that would prove embarrassing.

Lawrence, of Cadiz; Judge Frank A. Bullock, of Lexington; Henry M. Cox, of West Liberty, and J. Norton Fitch, of Jessamine county.

Few Were Chosen.

Washington, June 3.—An amazing lot of "flunks" are recorded against the applicants to West Point Military Academy who took the entrance examination April 30. Of the candidates from Kentucky only three passed as follows: Second district, W. T. Radford; Third district, J. T. Tarpley; Ninth district, W. H. Watson.

WILD MAN OF BORNEO DIES AT 92 YEARS

Last of Pair Brought Over in Early '50's Passes Away at Waltham, Mass.

Boston, June 3.—Plutano, the last of the famous pair of "wild men of Borneo," died at the home of Mrs. H. A. Warner, in Waltham, May 31. Plutano is believed to have been about 92 years old, and with his brother Wano, who died in 1905, had traveled all over the world.

Plutano and Wano were brought on a ship to New York in the early fifties, and were said to have been captured on the Island of Borneo.

Since 1857 the "wild men" had been in the care of Capt. Hansford A. Warner, or one of his descendants. It was not possible to teach the little men to speak English.
